Speaker | Leadership Expert | Facilitator

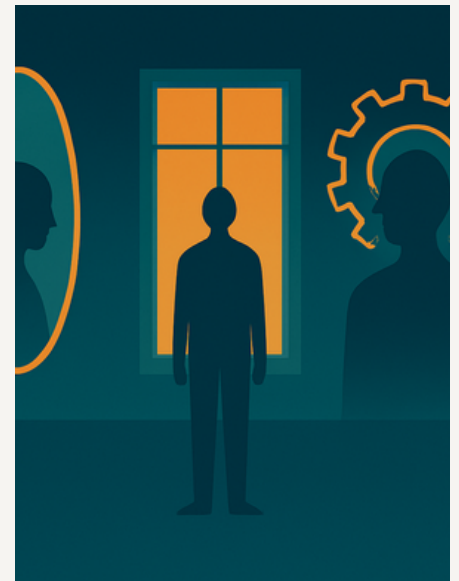

Do your leaders light up the room when they enter... Or when they leave? Do you want to give them the tools to succeed?

Keynote - Mirror/Window/System

Leadership breaks down in three places: the Mirror, the Window and the System. This keynote helps leaders understand themselves, improve how they show up and build systems that prevent the behaviours they once despised.

Helps leaders who want to:

- Avoid repeating sh*tty leadership patterns
- Show up with clarity and consistency
- Lead conversations that build trust
- Understand their impact on others
- Build healthier team behaviour systems
